December	User12

- Password: S@intJo$3ph. (The username is not case-sensitive; however, the **password** is.)

- If the password does not work or you experience issues with this site, please contact our training team at training@parishsoft.com.

- To access the Facility Calendar Module, the username is user29 with a password of STEliz@b3th. Please note that the Facility Calendar does **NOT** reset every night.

PATHFinder:

PATHFinder is a learning management system that allows you to complete self-paced training on all ParishSOFT products. If you are a ParishSOFT user, you can access multiple training videos and courses in PATHFinder at no additional cost. If you are interested in using this tool, please contact our training team at training@parishsoft.com.
