

New Functionality in Arena

Staff Members Attribute

Arena now has a new attribute allowing large churches and denominational headquarters to track current staff. For customers that do not have Shelby Financials, business administrators can keep a list of current employees along with their start date and title.

Staff Members		
	David F Smith Worship Leader (7/13/2020 to present)	
	Sara Welch Bookkeeper (11/18/2020 to present)	

Organizations that have Arena and the Shelby Financials Remittance application can keep track of all reporting churches along with each church's staff members. Also, the new Staff Member attribute allows users to select 1 or 2 staff members to receive Remittance Statements, without having to leave Arena.

New Look and Usability for Small Group Leader Toolbox

Redesigned Small Group Leader Toolbox interface allows small group leaders to easily manage their small group members, record attendance, communicate via email/sms, and more.

- Improved Email/SMS Communication page now allows the small group leader to see the from email address, manage recipients vs. non-recipients
- Improved Add Member page allows the small group leader to easily switch between searching for an existing person record or adding a new person record.
- Improved Small Group Detail home page allows small group leaders to quickly access commonly used areas of the Toolbox.
